RE: Being Safe and Prepared at Copia Vineyards - \$1 Shipping Through April

Thank you to everyone who has contacted us and for your interest in visiting Copia Vineyards. Like everyone, we are watching, learning and addressing COVID-19 and how it affects our region.

Our tasting room will be open as normal (TH-MO, 12-7PM), we look forward to welcoming you and sharing our latest 2017 release with you. We want everyone to be safe and healthy and should you decide to maintain social distance during this time, we want to extend to you \$1 shipping through the month of April (minimum 3 bottles, use promo code: SHIPMYWINE at checkout!)

The health and safety of our guests and our staff is of the utmost importance. We have implemented more precautionary measures and stringent cleaning practices, routinely sanitizing the tasting bar and menus, and we will be creating a greater distance between guests.

It's been an uncertain time and we urge everyone to be responsible and to look to the experts and officials for direction. If you are feeling under the weather, for the safety of everyone, we encourage you to stay home until you are feeling better and we look forward to seeing you on a future date. Please follow the CDC guidelines if you have traveled to any of the countries identified as having widespread sustained (ongoing) transmission of COVID-19. We have included some links on a few organizations that have helpful information.

Should anything change with our hours of operation; we will be sure to share that information.
